Eligibility for Free and Reduced-Price Meals

When there are more registrants than spots for a specific grade level, enrollment in Bullis Charter School (BCS) is determined by a public random drawing ("the lottery"). The Santa Clara County Board of Education has authorized a preference in the BCS lottery to improve chances for children who qualify for free and reduced-price meals. Please indicate below if this student is eligible for any of the following programs (check all that apply):

- CalFresh (Supplemental Nutrition Assistance Program) CalWORKS (Temporary Assistance for Needy Families)
 Medi-Cal (California Medicaid Program) CDE Free and Reduced-Price Meal Program — *Please attach with form.*

The undersigned declares that the student address and other information provided in this application is the true and correct residence of the child, and you agree provide any and all supporting documentation requested by the school staff to verify residence upon any offer of enrollment. If BCS staff cannot verify residence, or if an address change occurs, you acknowledge and agree that the offer may no longer be valid.
